MULTIPLE ACCIDENT KILLS ONE, INJURES 20...A seven vehicle pile up on US 27, south of Talisman Sugar early Tuesday morning left one man dead and 20 others injured. FHP officials say a straight truck passed five semis and then ran into heavy smoke. The driver went off the road, over-corrected and came back onto the road and overturned in the northbound lane. Five semis hit the truck and two of the tractor trailers caught fire. Several minutes later a van carrying 13 farm workers hit one of the semis. Names of the injured and the one dead man were unavailable at press time.

I have found over the past 16 years of being in business in the Glades area that one of the best advertising methods is with The Sun newspaper. One of the most important features that I find about what The Sun newspaper does for me is the knowledgeable people who read The Sun. Those are the people who become a very important part of my business. The professional assistance in the advertising department and the quality of the work that is put into my advertising layouts is the biggest reason I have chosen The Sun newspaper to handle my advertising.

Over the years of advertising with The Sun I have really noticed the increase of my sales and service. You seem to have the best ideas to promote my business and in turn this brings me really good results. Thanks for all you have done over the years to help my business grow in the Glades area.

Letters to the Edit

Local family thankful for kindness at time of sorrow

Local family thankiul for kill bear Editor:

I believe that losing a child is the greatest pain a parent must endure. Facing the reality of having to bury one's own is only compounded with the reality of having to figure out how to pay for funeral services. Many of our families in the Western County are indigent immigrants. They earn very little money and are unable to put anything away as savings. Therefore, they are not prepared for unexpected expenses. Recently one of our families experienced the trauma of losing their baby. Not only were they grieving but were distressed over the fact that they were unable to pay for their child's burial. While assisting the family in making funeral preparations, I met Mr. Campbell at the Glades Funeral Chapel. He immediately assumed responsibility to ensure the baby had a dignified burial, no questions asked. Mr. Campbell is a warm and carring individual, who renewed my belief that there is good in man.

Not every day do we encounter people who

belief that there is good in man.

Not every day do we encounter people who are totally devoted to the work they do. I am convinced he is one of those few people. Mr.

Campbell gave this family a sense of respect and dignity seldom witnessed in a selfish and materialistic society. A respect that every breathing and living being deserves to have regardless of who they are and where they come

regardless of who they are and where mey confrom.

The baby's funeral was beautiful, she had the best of the best. Mr. Campbell took great care in making sure everything went smoothly. I was impressed by his professionalism and by the compassionate way in which he handled every detail. We can only hope that our families can find someone as caring and devoted as he to help them when they are faced with the terrible pain of losing a loved one.

I want to publicly thank Mr. Campbell and the staff at Glades Funeral Chapel for providing this family with a sense that their child mattered and has a special place on this earth.

Sincerely, Sandra Melendez, MSW Family Service Coordinator Children's Services Council

Memorial Day, a good day to cry

Sometime after returning from Southeast

mission from my parents to use my name for the building.

Mom explained the nature of the call to my Dad and I, then told the caller, "Frank will real-ly be proud of that. Of course you have our per-mission."

After a pause, she said, "Posthumous?" Then, 'He died? He'll sure be surprised to know that!" We all laughed. I could have been famous if only I had died.

We laughed, and then we cried.

Memorial Day is a good day to cry. My Daddy did, and so did I,

Although wounded, he refused evacuation nd remained with his beleaguered platoon. While under attack from three sides, he

Through his courage and leadership heavy casualties were inflicted on the numerically superior Viet Cong force.

Belle Glade Elementary enjoys a special visitor

On May 18, a very special visitor named Officer Teagan came to Belle Glade elementary to show the children an alligator, a real alligator! He also showed the different kinds of plants that grow in the lake and canals around the Glades.

The plants are spadderdock, pepper grass, eel grass and grass shrimp. He also showed students some teeny, tiny finish and grass shrimp. Officer Teagan let the students touch the alligator anywhere on his body except of course, the dangerous mouth area.

Mrs. McClanahan's third grade gifted class would like to extend a warm thank you to Officer Teagan for his participation in the education of the students to the natural habitat of Florida.

FROM LAST WEEK

WINSTON CUP SERIES
Terry Labonte won The Winston for a second time, 1.1 years
after the first. Which is kind of ironic, since Labonte also holds
the record for years (1.2) between Winston Cup championships,
For one segment, the all-star race was a battle between Jeff
Gordon and Dale Earnhardt at Lowe's Motor Speedway in Concord, N.C, Then Tony Stewart, who had started last and gotten in
the filed only by winning the Winston Open, came to the front. In
the third segment, Stewart passed Gordon for the lead but could
not hold off Labonte, who had changed flour tires at the break.
Labonte won despite having been involved in the second multicar crash of the first segment. Stewart, by the way, drove through
that melee brilliantly.

BUSCH GRAND NATIONAL
Matt Kenseth held off Dale Earnhardt Jr., rain and darkness to
capture first place at Nazareth, Pa.
The event was delayed twice for more than five hours by rain
and shortened because of darkness to 168 of the 200 laps.
Kenseth's third wictory tels him with Mark Martin for most in
the series this year. Earnhardt, the runner-up, remains winless
after winning seven times in 1998.

CRAFTSMAN TRUCK SERIES

Jack Sprague ended his closs-but-no-cigar streak with a victory in his Chevrolet truck at 1-70 Speedway in Odessa, Mo.

Sprague, the 1997 series champion, anade a big step toward another title with a come-from-behind victory over Dodge driver Dennis Setzer.

FEUD OF THE WEEK

Randy LaJole vs. Ken Schrader

Schrader, who makes occasional Busch Grand Nation appearances, arrived home to find a pile of sheet metal from LaJoie's Bob Evans Chevrole in his front yard.

NASCAR This Week's Monte Dutton gives his opinion:

'Apparently Lajole's team had a big party, beverages were
imbibled, one thing led to another and all of a sudden,'a
practical joke at Schnader's expense seemed like the thing
to do. Both these geys are pretty good-natured, so I doubt
the big payback will come on the track.'

Ward Burton has earned \$5.2 million over the

Ward Burton's climb back to the top has been frustrating. When he joined Bill Davis Racing in 1995, success came almost immediately. He won at Rockingham late that year, but has not won since. It was two years later before his younger brother, 19ff, also won at the Winston Cup level, but Jeff has won seven times since Ward's only victory.

This year Burton has found a consistency that was lacking in his earlier Cup efforts. Another victory — and probably more than one — seems just around the corner.
